

## *Is that Calum wrapped round you Georgia, or just a snake?*

**GORGEOUS** Georgia Salpa is quite used to snakes after dating legendary slimeball Calum Best.

But yesterday she got to grips with this reptile as she opened a new golf course at the Dundrum Town Centre. The stunning brunette was in

the tropical jungle at Rainforest Adventure Golf's 18-hole South American-themed mini-golf course which will open its doors on October 22.

And Georgia was joined by Rosanna Davison who was lounging about with a lizard.
